SKILLS

- **Programming Languages:**
Java, Go, C++, C, Python.
- **Operating Systems:**
Linux and Windows.
- **Others:**
Git, IPFS, Kademlia DHT, Docker, Spring, databases, networks, systems.

LANGUAGES

- **Portuguese:** mother tongue.
- **French:** reading, speaking, writing.
- **English:** reading, speaking, writing.
- **Spanish:** reading.

PERSONALITY

- Autonomy.
- Adaptability.
- Teamwork.
- Stress management.
- Innovative.

PROFESSIONAL EXPERIENCE

10/24 - today
3 years
(7h/d)

PhD Student

Université de Lorraine, CNRS, Inria, LORIA — Nancy, France

Subject : "Improving security and performance of IPFS's DHT"

Design of active attacks against the IPFS DHT and analysis of the limitations imposed by the Kubo codebase. Implementation of mitigation measures and improvement of DHT performance using opportunistic approaches to content discovery.

Skills: IPFS, Kademlia DHT, Go.

03/24 - 08/24
6 months
(7h/d)

Cybersecurity Intern

Hive Computing Services SAS/INRIA — Cannes, France

Design and evaluation of active attacks on the Distributed Hash Table (DHT) of the InterPlanetary File System (IPFS).

Skills: IPFS, Kademlia DHT, Go.

05/23 - 08/23
3 months
(7h/d)

Cybersecurity Intern

RESIST Project-Team — LORIA, Nancy, France

Creation of a proxy using the C language and the OpenSSL library to modify the 'Server Name Indication' (SNI) field of the TLS protocol.

Skills: C, TLS, SNI, OpenSSL.

07/21 - 03/22
8 months
(8h/d)

Junior Java Developer (Backend)

Ubivis — Curitiba, Brésil

Continuation of REST API development in Java, using the Spring Boot framework. Conducting queries on relational databases, utilizing PostgreSQL. Learning and implementing CI/CD practices.

Skills: Java, Spring Boot, PostgreSQL, SonarQube, Docker, Wiki.

01/21 - 07/21
6 months
(6h/d)

Java Developer Intern (Backend)

Ubivis — Curitiba, Brésil

Development of REST APIs in Java, using the Spring Boot framework.

Skills: Java, Spring Boot, PostgreSQL.

05/19 - 01/21
1 year
8 months
(4h/d)

Programa de Educação Tutoriada (PET) Intern

PETeco — UTFPR, Curitiba, Brésil

Workshop leader for LaTeX, electronics instructor for elementary school students, and university basic electronics course teacher.

Skills: C, C++, SFML, electronics, research, teaching.

EDUCATION

09/22 - 09/24
2 years

Computer Engineering

TELECOM Nancy — Nancy, France

Domain : Internet, Systèmes et Sécurité

Double degree student – final two years of engineering diploma.

08/18 - 09/24
5 years*

Electronic Engineering

Univesidade Tecnológica Federal do Paraná (UTFPR) — Curitiba, Brésil

* Public universities were closed in 2020 due to COVID-19.

PUBLICATIONS

05/25
(preprint)

Active Sybil Attack and Efficient Defense Strategy in IPFS DHT

V. H. M. Netto, T. Cholez, C. L. Ignat
